Working with your accent - ideal for all freelancers

Baseline recordings are taken of your speech (in English and in your primary language) and together we can use your sessions to practise the changes you would like to make.

For example, we can work identifying words and phrases you would like to pronounce differently, and plan additional communication strategies to aid clarity.

The sessions will provide you with clearer speech and increased confidence for communication in English.

These sessions can be taken on dates which are convenient for you and are suitable for 1 to 1 or groups. These speech courses are run in conjunction with Pippa, a voice coach and speech & language therapist.

ABOUT THE TRAINER

Pippa gained a Linguistics and Phonetics degree from Hull University in 1988 and qualified as a speech and language therapist in 1990 (City University); in recent years Pippa has developed her practice as a vocal coach and works in a variety of settings with both healthy and disordered voices. Over two decades' work in the NHS brought Pippa into contact with a range of voice and speech work (from severe vocal problems through to presentation skills and singing), and professionals such as actors, singers and teachers. Pippa's postgraduate qualifications include training in The Accent Method, Vocal Profile Analysis and the Estill Voice Training System (Levels 1 and 2). She teaches voice and speech workshops in Hertfordshire and is based at The Albany Centre in St Albans where she runs her independent practice.
